SKUs LB-SC-E27-7W-WW

DESCRIPTION This LED Spotlight Lamp Module is great for spotlight illumination and general lighting indoors. With a maximum output of 7W it is a great low cost, low power light solution. The module's Aluminum enclosure also acts as a heat sink, improving bulb operating temperature and extending life. This LED Spotlight Lamp Module was designed with the environment in mind; containing no mercury and low CO2 emissions. This low power LED Lamp Bulb is a perfect alternative to high cost halogen lighting.
