**PRODUCT NAME** Ribbon Star Doublewide, White LED Strip Light 24V - 118" (3m)

**SKUs** White: RL-SC-RSD-W-10, Warm White: RL-SC-RSD-WW-10

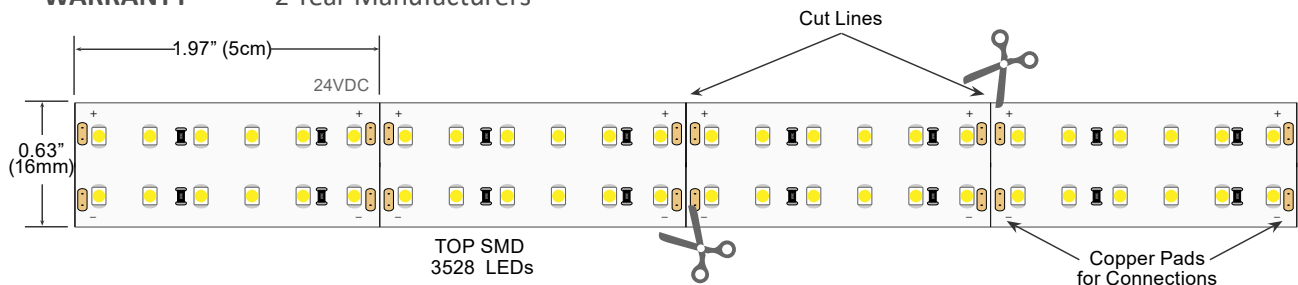

**DESCRIPTION** The Ribbon Star Doublewide, White flexible LED Strip Light is basically two rolls of LED Strip combined into one. With twice the amount of LEDs and a wider PC board the doublewide led strip has a broader beam angle as well as higher lumen output than a mid-level strip light. The 24VDC power input allows for longer serial connections with less voltage drop, 30ft max. This 118" (3m) ribbon has one soldered lead and comes with two quick connectors to bare lead wires. Comes with 3M™ VHB™ mounting tape on the back, for the best long-term mounting solution. Cut lines per 1.97" make this product suitable for any project length. 12 SMD LEDs per 1.97", CE and RoHS approved.
